THE FIGHT IS NOT OVER!

A Message from Erik Geizer, CEO of the Arc of NY State

The final NYS budget was released on May 1, and we were all stunned and disappointed by the inadequate investment in our service system. This budget only reaffirmed that our fight is far from over.

We cannot let up on our advocacy – we need your voice! We will grow louder. We will grow fiercer. We will not let New Yorkers with I/DD be forgotten.

FINAL BUDGET RELEASED

In the final budget, nonprofit providers of supports and services for New Yorkers with intellectual and developmental disabilities will receive a mere 4% cost of living increase.

This minimal increase covers less than half the increase in inflation over the past year. It does nothing to reverse our escalating workforce crisis. Most importantly, it does not address the erosion of care and supports for New Yorkers with I/DD.

A Message from Erik Geizer (Continued)

Paired with the reality of inflation, a 4% COLA has become essentially a 4.5% cut.

New Yorkers with I/DD needed meaningful investment to sustain quality supports and care. Our staff needed meaningful investment to align their compensation with their skill and dedication. We called for an 8.5% COLA and a Direct Support Wage Enhancement to meet those needs. The legislature included an 8.5% COLA and no DSWE in their budgets. We advocated fiercely for that compromise to be realized, but the end result is entirely inadequate.

Erik Geizer
CEO The Arc of NYS

We are grateful to the tireless advocates who raised their voices and their stories with passion and power. We thank our Champions in the legislature who fought for our families, staff, and the people we support..

ADVOCACY PUSH FOR THE DSWE

Although we did not achieve all of our budget objectives during this fiscal year, we continue to advocate for The Direct Support Wage Enhancement (DSWE) as a stand-alone piece of legislation (S4127/A5268) sponsored by Senator Mannion and Assemblymember Seawright.

With the DSWE, provider agencies would receive a permanent annual funding allocation of \$4,000 per eligible employee to be used for purposes of enhancing the hourly rate of pay for all staff that have direct care/support responsibilities for individuals with I/DD.

This proposed increase of \$4,000 equates to approximately \$2.19 an-hour for a full-time employee – a necessary amount that will allow DSPs and employees the ability to provide for their families and keep the I/DD sector competitive.

We’ve created a [one-click campaign](#) so you can quickly send a letter to the legislature in support of the DSWE. Please add your name, and share with family and friends in New York!

“When you see something to say something. To that is not right, not just, not fair, you have a moral obligation to say something. To do something.”

Arc of Oswego County Membership Drive

Members = Delegates = Voting Power. The Arc of Oswego County is one of many chapters in New York State affiliated with The Arc New York and across the country affiliated with The Arc. The more members our chapter has, the more delegates and votes we earn for discussions involving state and local policy, and the greater our voice in advocating for the individuals we serve.

Members = Voters = Getting Heard. Politicians pay attention to numbers. When we tell a senator, congressman, or assemblyman that over 500 of his voters are members of our chapter of The Arc, they are more likely to listen to what we have to say.

Members = Supporters = New Donors. With government funding being cut dramatically, we need to increase donations from the community.

Every Member Counts...and We Count Every Member.

Program Happenings

Nikki Taylor, the owner of TNT Greenhouse Nursery, donated flowers and soil to OI. Nikki demonstrated and assisted the L.I.F.E Day Habilitation and Group Day Habilitation individuals to plant flowers in pots for Mother's Day or to bring home. The individuals that participated in this are as follows. L.I.F.E: Anthony BR, Michelle R, Barb C, Kim P, Bonnie B. Roy L, and Lynette W. GDH: Rhiannon C, Jillian K, Peggy A, Lauren D, Angie D, Derek G, Anna W, Josh L, and Kyle A.

Derek A, Germaine A, Toby H, and Anthony BR took a tour of Fort Ontario in Oswego NY.

Fort Ontario has quite a history. It was built on the ruins of three earlier fortifications which were the site of three French and Indian War and two War of 1812 battles. It was occupied by the U.S. Army through World War II. From 1944 to 1946 the fort served as the only refugee camp in the United States for mostly Jewish victims of the Nazi Holocaust under an Executive Order from President Franklin D. Roosevelt.

Tom McL, Tom Sc, Bonnie B, and Kim P, who are enrolled in Oswego Industries Inc., L.I.F.E Day Habilitation program, spent the day at Beaver Lake Nature Center in Baldwinsville.
